Lab-Aire® II Drying Racks

Laboratory space is always in high demand making the small footprint of the Lab-Aire® II Drying Racks a practical solution for drying and storing fragile, frequently used labware.

Choose from non-electric benchtop or wallmount drying racks or accelerate drying with the warm, flowing air from electric benchtop models. All styles have removable pegs in 3 different lengths that can be positioned for optimal use. Extra accessories and a variety of different sizes/configurations let you create a drying system that works for you.

Wallmount - Non-electric	Benchtop- Non-electric	Benchtop- Electric
Space-saving, move drying off the bench	Portable, use anywhere convenience	Accelerate drying with warm, circulating air
Easily mounts on walls or standard pegboard	Offers the most choices in size	Use with or without power cycle
Single-sided; can be custom made with additional height	Single- and Double-sided models	Single- and Double-sided models: 120V or 230V

Increase Drying Space Three Ways

1. Go up in height – 1, 2 and 3 tier models available in all styles
2. Double-sided benchtop models double your capacity with minimal increase in footprint
3. Use multiple Lab Aire® II Dryers

Increase Flexibility

Each Lab Aire® II Dryer comes with an assortment of pegs in various lengths. Electric models also have baskets for holding small labware. Additional pegs and baskets* to customize your dryer can be purchased separately.

* Baskets fit electric models only.
