

RIDGID® CSx) VIA™

The RIDGID® SeeSnake® CSx Via is a flexible, bring-your-own-screen solution, providing a convenient means to stream, capture, and share superior inspection images using an iOS, Android, or Windows device. The CSx Via utilizes the free HQx® Live app to remotely control the camera functions and features, such as the distance counter and the sonde. CSx Via is also compatible with TruSense® SeeSnake systems and will enable TruSense features in the app.

- Purpose built design providing superior durability and protection
- Convenience and flexibility that is interchangeable across multiple reels through the interconnect cable port
- Reliable connectivity between the CSx Via and the mobile device for enhanced productivity with the HQx Live app or HQ software for Windows
- Rapid communication by email, text or upload photos and videos to customers or colleagues in real time, directly from the job site
- Multi-reel compatibility with the RIDGID SeeSnake microDrain™, microReel™, nanoReel™, Compact Series and
